**Black Gypsum™**

- **Dispersing Granule Formula delivers Calcium and Sulfur directly into the soil with irrigation or precipitation**
- **Two naturally occurring materials in one homogenous prill**
- **Flushing agent for soils with high salt levels**
- **Increases soil CEC to improve nutrient performance**
- **Natural source of calcium and Humic Acid**
- **Relieves soil compaction**

**GUARANTEED ANALYSIS**

| Calcium Sulfate Dihydrate (CaSO₄·2H₂O) | 49.2% |
| Calcium (Ca)                           | 12.2% |
| Sulfur (S)                             | 8.9% |
| 8.0% Combined Sulfur (%)               |       |

Plant nutrients derived from calcium sulfate and mined gypsum.

**CONTAINS NON-PLANT FOOD INGREDIENT:** 12% plant based organic acids and 21% humic acid derived from leonardite.

**FLORIDA APPLICATIONS:**

http://www.regulatory-info-ap.com

**Directions for Use**

For correcting soil compaction on established turf areas, apply 600 to 800 lbs. per acre. For small trees, up to 3 inches in caliper, use 1 cup per caliper inch of tree. Trees 3 caliper inch and larger use 2 cups per caliper inch.

For correcting soil compaction in grassy areas, apply 500 to 1000 lbs. per acre. For small shrubs, 2 cups. For larger trees use 1 cup per caliper inch.

To aid in the generation of compost, spread an approximately 2 cups over the top of the mulch in the compost (every 3 cubic foot of material as it is dumped into the compost pile). Add 2 cups every 3 days, dust every time compost is turned until the compost is complete.

**Precautionary Statements**

**Warning MAY BE HARMFUL IF SWALLOWED MAY CAUSE MILD SKIN IRRITATION MAY CAUSE EYE IRRITATION MAY CAUSE RESPIRATORY IRRITATION**

**First Aid**

- **If in eyes:** Immediately flush with water for at least 15 minutes. Seek immediate medical attention. Use of water sprayer is acceptable.
- **If inhaled:** Get medical attention if irritation persists. Wash contaminated clothing before reuse.
- **If on skin:** Wash affected areas with soap and water. Seek medical attention if irritation persists. Wash contaminated clothing before reuse.
- **If mouth:** Immediately flush with water or give one glass of water to dilute material, but DO NOT induce vomiting. Seek immediate medical attention. Use of water sprayer is acceptable.

**Directions for Use**

- **Apply to saline-sodic soils:** The gypsum will loosen the heavy, hard packed soil, allowing water and air to penetrate and move freely in the soil. Also utilized to repair areas damaged from winter salt and fertilizer.
- **When establishing a new turf area:** Apply twice or directly after seeding, or while hydroseeding. Irrigation of 0.2 to 0.4 inches will help the granules disperse (not required for hydroseeding) and self-incorporate into the soil. High clay soils and/or coarse compressibility will require a higher rate and additional time to allow incorporation due to the fine soil particles. Product will disperse throughout hydroseeding slurry.
- **For ornamental maintenance place product around the base of each plant prior to and after irrigation.** If small trees and shrubs apply 1 to 2 cups. For larger trees use 1 cup per caliper inch.
- **Agricultural application:** Mix Black Gypsum with the Black Fill (®) from excavation of the plant. For small trees, use 1 cup per caliper inch of tree. Trees 3 caliper inch and larger use 2 cups per caliper inch.
- **For establishing ornamental container grown stock into your landscape, use the chart below:**

<table>
<thead>
<tr>
<th>Broadcast Application</th>
<th>Application Rate per 1000 sq. ft. (Lbs.)</th>
<th>Rate per Acre</th>
</tr>
</thead>
<tbody>
<tr>
<td>Established Turf</td>
<td>3-12 lbs</td>
<td>100-300 lbs.</td>
</tr>
<tr>
<td>Highly Sodded Turf</td>
<td>4-12 lbs</td>
<td>100-300 lbs.</td>

Use contrary to label directions is not permitted.

**LEGAL RIGHTS:**

This LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS; YOU MAY HAVE OTHER RIGHTS THAT VARY FROM STATE TO STATE/ JURISDICTION.

Product of U.S.A.

Manufactured by The Andersons Lawn Fertilizer Division, Inc.

P.O. Box 119
Maumee, Ohio 43537

Black Gypsum is a trademark of The Andersons, Inc.

**SGN 240**

Net Wt. 50 Lbs (22.68 kg)

For Organic Use

ASPYHUGD5

C15” (ASPBKDGCLBC)

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden and sweep any product that lands on the driveway, sidewalk or street, back onto your lawn/garden.

**Suggested Spreader Settings**

These suggested spreader settings are not intended to replace calibration.

Use the following calibrator before applying product:

- **50 lbs. Granule:** 1,000 sq. ft. (0.3 oz) at 3.5 lbs./1000 sq. ft.
- **50 lbs. Blended 3 cu. ft.:** 0.15 oz. at 5.0 lbs./1000 sq. ft.
- **50 lbs. Black Gypsum:** 0.2 oz. at 10 lbs./1000 sq. ft.
- **50 lbs. 4.0 lbs./cu. ft.:** 0.05 oz. at 20 lbs./1000 sq. ft.
